Due to the COVID-19 Pandemic we will be conducting Emergency Board meetings via Zoom until we are allowed to get back together again. a. **A-2:**

Motion to approve pulled items: Robert Kesten Second: Suzanne Nicolini

Mr. Feldman had a question about 4.4 Personnel Evaluation Committee. As this was outside of the item contained in this motion (2.2 Number) it was stated that it would need to be brought up at another meeting. Mr. Feldman said that is okay with him but he does want to see that on the next agenda.

All in favor. Motion carries.

b. **A-3:**

Motion to approve pulled items: Robert Kesten Second: Carl McKoy

Mr. McKoy expressed concern with the selection process in the search for the new Executive Director of SouthTech Schools. He stated that he had requested information from the Selection Committee and had not received the information back from them. Mr. Kozak and Mr. McKoy discussed the emails being referenced. Mr. McKoy believed that there was a breakdown in communication and asked what is the protocol in board members having dialogue with staff member. Glen Torcivia said that generally it is either the Board Clerk or Executive Director, more typically the latter of the two. However, in the absence of an Executive Director, all communications should be directed to the Board Clerk. After reviewing the email in question it was determined that they had been received by the Board Clerk and then forwarded to the appropriate parties for response. Mr. McKoy stated that his dissatisfaction with the lack of diversity on the committee was what really prompted him to voice his concern. Ms. Heinz agreed with the need to address diversity of our committees and would like to see a Policy framed to do so. Mr. Torcivia said that a Policy can be added that simply states all future committees be diverse, and noted that the interview committee already is diverse. Ms. Heinz said that she feels more language is necessary and wants minutes to be reported to the Board as well. Mrs. Turenne explained that the committee members were selected based on their positions at SouthTech Schools (principals of both schools, Personnel Manager, Financial Officer and Business & Community Liaison) as they work most closely with the Executive Director. She went on to explain that at the March meeting it was determined that more diversity was needed in the interviewing process and the Interview Committee was formed with Tim Brown and Brian Joseph (Justine Olazabal was not interested in participating). Mrs. Turenne expressed frustration with the language used in Mr. McKoy's motion, particularly where he says he would like to use every disciplinary tool available to modify unacceptable and counterproductive business practices. She does not believe is appropriate to use punitive actions against individuals trying to do what is in the best interest of the students. Mr. McKoy read a letter addressed to all Board members in which he again expressed his frustration with the lack of information received in response to his emails to the committee. He

explained that he did not attend a Zoom meeting with the Committee members as he did not have the information he needed to prepare for that meeting. He believes that the Committee is withholding information and therefore is not allowing for transparency, displaying insubordination. Mrs. Turenne asked Mr. McKoy what he would like to see changed to make things better moving forward. He said he wants to see diversity on the boards and wants to see disciplinary action for any staff member that is disobedient or does something inappropriate. Mr. Kozak responded to Mr. McKoy's reading of his motion by saying that the committee did respond to him and that they reached out to Mrs. DeVine and asked as a committee for a meeting with Mr. McKoy. Mr. Kozak indicated that it was at that meeting that the committee was prepared to answer all of Mr. McKoy's questions but that he did not attend the meeting. Mr. McKoy again stated that he was unable to participate in the meeting as he had not received the information needed for him to be prepared as indicated in his response to an email from Mr. Kozak. Mrs. Turenne said that while it has become clear that Mr. McKoy does not have faith in the committee or its process and believes punitive measures are necessary, she is interested in hearing what other board members think so that they may have a motion to vote on tonight. Mr. Notter stated that he has been involved in the process since the beginning and has not seen or heard any intentional negativity or wrongdoing mentioned in this meeting. He said that it was important to find common ground to move forward from this. After hearing from the other Board members it was determined that they were not comfortable with the harsh language used in the last sentence of motion A-3. Mr. McKoy said that was put in there to address issues in which Board members were given false or incomplete information. That being said he was willing to change the language used in the motion and a **substitute motion** was brought to the floor by Mr. Kesten. The substitute motion, which was agreed on by Mr. McKoy, reads "I recommend that the Board direct staff to develop a policy that all future committees be diverse and develop a school wide diversity policy to be brought back to the Board at the next regular Board Meeting in August". As for the Selection Committee the process will continue to move forward.
